Biopharmaceuticals Products and Pipeline

	Discovery	Preclinical	Phase 1	Phase 2	Phase 3	Filed	Approved	Marketed
Neurodegenerative Diseases								
Alzheimer's Disease Abeta Aggregation Inhibitors (with Transition Therapeutics)								
ELND005								
Alzheimer's Disease Secretase Inhibitors								
Beta Secretase Research								
Gamma Secretase Research								
Gamma Secretase Inhibitor (ELND007)								
Gamma Secretase Inhibitor (ELND006)								
Parkinson's Disease								
Parkinson's Research								
Autoimmune Diseases								
Multiple Sclerosis (with Biogen Idec)								
TYSABRI® (natalizumab) (U.S.)								
TYSABRI® (natalizumab) (EU)								
TYSABRI® Subcutaneous								
Crohn's Disease (with Biogen Idec)								
TYSABRI® (natalizumab) (U.S.)								
Multiple Myeloma (with Biogen Idec)								
TYSABRI® (natalizumab)								
Small Molecules natalizumab follow-ons								
ELND002								
Autoimmune Research								
Specialty Business								
Infectious Diseases								
MAXIPIME® (cefepime hydrochloride for injection) (U.S.)								
Alzheimer's Immunotherapy Program[i]								
Bapineuzumab (AAB-001) Monoclonal Antibody Intravenous								
Bapineuzumab (AAB-001) Monoclonal Antibody Subcutaneous								
AAB-002 Monoclonal Antibody								
ACC-001 Immunoconjugate								

i - JANSSEN Alzheimer Immunotherapy in collaboration with Wyeth. Elan retains an approximate one-quarter interest in the Alzheimer's Immunotherapy Program

TYSABRI is a registered trademark of Elan Pharmaceuticals, Inc. in the United States and of Elan Pharma International Ltd. in various countries outside the United States.
